LONDON-EDUC
EDUC 4393/5300
Component for
Regular Spring Course
Dr. Krustchinsky

This program will investigate curriculum issues and topics related to England Famous historians, mathematicians, scientists and or authors will be studied. Students will be expected to visit significant places surrounding the London area where these famous people lived, studied and/or worked. For example, those studying Shakespeare will be expected to visit Stratford Upon Avon.

This is a component for the Spring 2006 course “EDUC 4393/5300”. Students should register for this regular Spring course prior to registering for the study abroad program.
